

## I WAS HERE

Kristin Chenoweth Lyrics

You will notice me  
I'll be leaving my mark  
Like initials carved in an old oak tree  
Just wait and see  
Maybe I'll write like Twain wrote  
Maybe I'll paint like Van Gogh  
Cure the common cold, I don't know  
But I'm ready to start cause I know in my heart  
I want to do something that matters  
Say something different  
Something that sets the whole world on its ear  
I want to do something better  
With the time I was given  
I want to try to touch a few hearts in this life  
Leave nothing less than something that says  
I was here  
I will prove you wrong  
If you think I'm all talk, you're in for a shock  
Cause this dream's too strong  
And before too long  
Maybe I'll compose symphonies  
Maybe I'll fight for world peace  
Cause I know it's my destiny  
To leave more than a trace of myself in this place  
I want to do something that matters  
Say something different  
Something that sets the whole world on its ear  
I want to do something better  
With the time I was given  
I want to try to touch a few hearts in this life  
Leave nothing less than something that says  
I was here  
I want to do something that matters  
Say something different  
Something that sets the whole world on its ear  
(I want to do something that matters  
Say something different  
Something that sets the whole world on its ear)  
I want to do something that matters  
Say something different  
Something that sets the whole world on its ear  
I want to do something better  
With the time I was given  
I know that I will do more than just pass through this life  
And leave nothing less than something that says  
I was here  
I was here

I was here
