Four Day Class Cost: \$550

Monday - Thursday

Methodology 1

Methodology 2

Monday

Methodology 3

Tuesday

Methodology 3

Wednesday

Methodology 3

Thursday

Methodology 3

Methodology 1: PK-12

Instructor: Various

Experienced classroom teachers share basic practices, methods, and theories of Great Expectations. Great Expectations (GE) Methodology is grounded in six basic tenets: All Children Can Learn, Building Self Esteem, Climate of Mutual Respect, High Expectations, Teacher Attitude and Responsibility, and Teacher Knowledge and Skill. In the four-day training session participants are immersed in the research-based 17 Classroom Practices to be an effective teacher. Each of the 17 practices is examined through the lens of developing a Culture of Respect and promoting Academic Excellence. Classroom management is anchored in the GE 8 Expectations.

The 36 Life Principles promote students of character. Participants are provided with a GE Manual of instructional materials and a wealth of resources, research, and structures to use in his/her own learning environment. GE Methodology provides a blue print to be an exemplary

educator. With full implementation of Great Expectations Methodology, academic performance and attendance go up and discipline referrals go down.

Grade Level Choices: (You must choose a grade level.)

- Lower Elementary (PK-2)
- Upper Elementary (3-6)
- Middle School (6-8)
- High School (9-12)

Methodology 2: PK-12

Instructor: Various

This class offers a fresh look at all 17 practices and how to “put the puzzle together” in deeper implementation. The class will include more structures to easily implement into your instruction to improve not only your implementation of GE, but also enhance your overall instruction.

Methodology 3: PK-12

Instructor: Various

An energetic and inspirational advanced course for educators who have previously attended both GE Methodology I and II. A one-day course, this class provides GE educators with a plethora of new structures, ideas, and activities to incorporate immediately in the classroom/building. It is a time to Review and Revisit the 17 practices as well as Reconnect with colleagues and Rejuvenate your passion for both teaching and learning
