Kate's Choice Progress Analysis

My CHOICE: *Talk to my teacher about getting someone to help me right away when I don't understand my assignment, keep an assignment log, and find an accountability partner.*

Write specifically what is happening now as a result of your choice. Evaluate honestly the Opportunity/Options and the Benefits/Obstacles.

Opportunity/Option	Benefit/Obstacle
Was able to talk to my science teacher before school. Ms Stein said she's there before and after school every day and to come in any time. *Mom felt the assignment book was important enough, she took me right away to get it.* *Grandpa seemed real excited that I wanted him to be my accountability partner. We set up a time for me to come by every school day. He said we'd work something out if he ever had to be gone.*	*I've already gone in a couple of times and it's really made a difference.* *I've turned in all of my assignments this week so far and it feels great.* *It sure is better at home not being reminded about homework all the time.* *I'm having to really work to not give in to my friends and go play basketball after school every day. They seem to really enjoy teasing me about turning into a bookworm now.*

Has the choice achieved the desired result/s? Yes No (In Progress)

Explain why or why not?

I feel like I've made really big steps towards taking care of this, but also realize it's something I can't let up on. I'm hoping things will get easier if I stay caught up.

Does the choice need to be revised? Yes (No) If yes, revise with Choice Planning Worksheet.

If a new goal is needed, begin the process with the C.R.O.S.S.ROADS Worksheet.
