

“Attitude” Sand Activity

Materials:

Colored Sand

Prepare small bags of different colors of sand. (One per learner) ["How to make colored sand"](#)

Instructions:

- 1. Learners select a bag of colored sand.**
- 2. Discuss how each of us brings certain strengths to the classroom**

Different colors represent the diversity of our strengths

- 3. Have each person place half of the sand in their bag in a bowl on the table**
- 4. Have one person mix it together and then everyone takes a spoonful and puts it back in their bag**

Point for discussion: When becoming a community, we share a piece of ourselves with others and they share themselves with us.
