

Class Creed Examples

Example of a Creed written by a Will Rogers Elementary School Student

I BELIEVE I am a capable and dependable student, full of possibilities and potential. There is no limit to what I can achieve.

I BELIEVE I must start today to prepare for my future by seizing every opportunity to learn. I will work hard, use my time wisely, and practice the values of good citizenship. I pledge to accept the challenge to become a productive citizen and a life-long learner.

I BELIEVE these choices I make today affect what I will have, what I will be, and what I will do in the tomorrows of my life.

English I Class Creed, Spiro High School, Spiro, OK

We are students of Spiro High. We must all learn to live together as brothers or perish as fools.

We will live each day to the fullest and realize that life is like a jewel - the number of facets determines its sparkle and that as students, we will be responsible for our own actions because there are no free rides in society.

We will strive to learn from the mistakes of others and understand that no matter what life may send our way, we will hold no grudge, burn no bridges, call no fellow classmate enemy, for the ones you should try to get even with are the ones who have helped you along the way.
