

Ms. Tucker's Goal Progress Analysis

My Goal: I want to increase my use of cooperative learning when introducing and having students process new concepts and materials.

Write specifically what is happening now towards achieving your goal under Opportunity and the Benefits and Obstacles for each where appropriate.

Opportunity/Option

Benefit/Obstacle

Met with Mr. Thomas and he helped me divide the students for grouping.

We went over his procedure for using pair/share and I adopted it for my class.

I made arrangements to have an aide take over my class for 20 minutes while I step into Mr. Thomas' class to observe him using the pair/share procedure.

I was going to move the desks over the weekend, but got sick so had to postpone it until this next weekend. Figured I don't have to have that done to do the pair/shares.

Mr. Thomas and I are going to meet and review what's happening to see if anything needs to be changed.

It really helped to get his input on grouping.

Since the students already know the procedure from his class, it should be easy to start using it in mine.

This should really make a difference to be able to see it works and will build my confidence to do it in my class.

I'm going to use the matching problem/answer cards strategy to pair the students and use the pair/share anyway to introduce the new unit.

It's so great to have a partner with experience when starting something new like this!

Has the goal been accomplished Yes No In Progress

Explain why or why not?

See above.

Does the goal need to be revised? Yes No If yes, revise with Goal Planning Worksheet

If a new goal is needed, begin the process with the C.R.O.S.S.ROADS Goal Setting Worksheet.
