"Believe"

Bon Jovi

All I know is what I've been sold

You can read my life like a fortune told

I've seen the dream, there's no land of Oz

But I got my brain and I got a heart

And courage built I won't let go

What we need right now is, soul

I can't do this, you can't do that

They feed us lines but I won't act

And all good things will come to pass

But the truth is all you have to have

And would you lie for it?

(Do you) cry for it?

(Would you) die for it?

Would you

I believe, I believe

With every breath that I breathe

You and me can turn a whisper to a scream

I believe, I believe

You know what you came here for

You'll pay the cost,

like it's your cross to bear

Are we the ones that put it there

Would you scheme for it

scream for it, bleed for it

Would you

I believe, I believe

Believe we're still worth

The fight you'll see

There's no hope for this world tonight

I believe, I believe

Don't look up on your movie screens

In record stores or magazines

Close your eyes and you will see

That you are all you really need

I believe, I believe

With every breath that I breathe

You and me can turn a

whisper to a scream

I believe, I believe
