

Remedy for Tardy Students

1) Positive student/teacher relationship

a) Greet student with Magic Triad – walk towards late students with: smile, eye contact, touch, affirmative words i.e. - “Glad to see you.” “We missed you yesterday.” “

2) First five minutes – meaningful learning activity for which the students are accountable and can not be made up at any other time. E.g. review questions; may be group work; 5 math problems

****If possible make it fun.

With students working this allows teacher to be free to greet late students.

3) This work counts for points towards a student’s grade. Correct each other’s papers (no grade) to save teacher time.

Focus on the things we have control over.
